What should be the priorities for a competition policy reform agenda to ensure that efficient businesses, large or small, can compete effectively and drive growth in productivity and living standards?
See next question
Are there unwarranted regulatory impediments to competition in any sector in Australia that should be removed or altered?
I think consideration should be given to supplier issues in relation to franchise agreements and the need to maintain the integrity of a business's intellectual property, I feel as long as the franchisee is comfortable with the supply option there should not be a need to make a submission to the ACCC. Perhaps they could just supply a signed acknowledgement from the franchisee.
