

COMPETITION POLICY REVIEW

RETAIL MARKETS

Competition in retail markets has been an important focus, including competition in grocery and pharmacy retailing.

Our draft recommendations can help to promote competition and benefit consumers

Reformulate misuse of market power provision (s46)

Introduce competition principles in planning & zoning rules

Examine liquor licensing rules as part of a review of regulatory restrictions

Remove remaining restrictions on retail trading hours

Remove pharmacy ownership & location rules

Promote the development of industry codes with practical & effective dispute resolution processes
