Our roads are created in fee simple – We, The People own them – we cannot be charged to use them. Our taxes pay for the building of these roads and, as such, they belong to us – they are not “YOURS” to tax (toll). - And I make a submission to you to explain that I am expressing My Will that our roads remain free from tolls – as section 92 of the Commonwealth Constitution dictates – and that I do not Authorise You to approve any such proposal.
