Please do not make all of our roads as Toll Roads,

Toll roads. They are anathema to me and most Australians. I never use Toll Roads because of the added expense to us as road users. Tolls are actually Unlawful if you know your Australian Constitution properly. We the Tax Payers are already paying for all road constructions and repairs from the Taxes the Australian and here in Victoria from the taxes already imposed on us from our wages and fuel taxes be it diesel or petrol taxes. Therefore Toll Charges is Double-Dipping and is actually THEFT.

Sincerely,
Richard Leschen.
