It is my will that the roads in Australia remain free for the use of all people of the Commonwealth of Australia.

It is my will that any possibility of all roads being charged tolls or any other form of fee be opposed and withdrawn.

It is my will that any actions taken to implement road tolls, road usage tolls, road fairs on any roads in Australia be immediately withdrawn.

These items are my will and as a living, breathing, flesh and blood man I require my will to be done.
