

# COMPETITION POLICY REVIEW

## SMALL BUSINESS

Small business makes a vital contribution to Australia's economy

Small businesses raised issues across a wide range of industries and about the law, access to remedies and other rules and regulations

Many of our recommendations are relevant for small business  
We have also made some specific recommendations for small business

### LAW

- More effective misuse of market power provision (s46)
- Provide active and ongoing review of the unconscionable conduct provisions as matters progress before courts

### ACCESS TO REMEDIES

- ACCC to connect small businesses to alternative dispute resolution services
- Promote the development of industry codes
- Effective secondary boycott enforcement

### COLLECTIVE BARGAINING

- More flexibility in the notification process
- Increased education

### COMPETITIVE NEUTRALITY

- Improve transparency
- Strengthen obligations on governments

### REGULATORY RESTRICTIONS

- Review regulatory restrictions, including standards and licensing
- Consider competition in planning and zoning rules
