

Competition in retail markets has been an important focus, including competition in grocery and fuel retailing, regulations on planning, zoning and trading hours, and specific regulations like those affecting pharmacy and liquor retailing

Our recommendations can help to promote competition and benefit consumers

More effective misuse of market power provision (s46)

Consider competition in planning and zoning rules

Remove remaining restrictions on retail trading hours

Remove pharmacy ownership and location rules

Promote the development of industry codes with practical and effective dispute resolution processes

Examine liquor licensing rules as part of a review of regulatory restrictions
